

Preschool

Where learning and growth are FUNdamental

Daily Options SY 2018-19

Extended Morning

8:00 AM - 8:30 AM

During Extended Care, students play indoors, and may choose to participate in directed activities.

Morning Classes

8:30 AM - 11:30 AM

Morning Class options include Preschool and Prekindergarten instruction. These classes balance social and academic learning in a developmentally appropriate way to nurture socially adept, confident learners who are also good classroom citizens.

Lunch Bunch

11:30 AM - 12:30 PM

During Lunch Bunch, students eat lunch with their classmates and teachers, and enjoy more playtime with peers, both indoors and out, with teacher supervision. Students bring their own lunches.

After Care

11:30 AM - 4:00 PM

After Care includes Lunch Bunch, indoor and outdoor play, and activities. Students enjoy extra hands-on experiences in art, math, science, music, movement, dramatic play, and other subjects at the discretion of our teachers. Topics vary daily with different activities and projects to expose students to a wide range of subjects and exploration. Students take a 1 hour rest/nap.

Our **Preschool classes** are for children ages 2 years or older at time of start. Students must also be toilet-trained.

Class Descriptions

Our **Preschool classes** are play-based programs concentrating on socialization; helping children develop good listening, cooperation, and sharing skills; and fostering positive self-esteem. We also support large and small motor skills development. Classes provide exposure to language, music, movement, art, and science experiments. Colors, shapes, numbers, and the alphabet are introduced through the year.

Typical class elements include an opening circle with a review of the calendar, season, weather, and learning theme; free play choices indoors and out; instructional activities; mid-morning circle with rhythm and movement; snack; and closing circle reviewing the day. Instructional activities are in small groups or one-on-one with a teacher.

We need parents to advise and/or sit on our Board of Directors (MACC's Board makes all of its program and business decisions). Please speak with your child's teacher if you want to help.

PreKindergarten class is a Kindergarten-readiness class. Therefore, these classes are for children age 4 years by September 1, 2018, *and* eligible to enter Kindergarten the following year or 4 years by December 2, 2018 to enter Transitional Kindergarten the following year.

Class Descriptions

Our **PreKindergarten class** aims to nurture socially adept, confident, independent learners ready for Kindergarten and beyond. Our program introduces phonics, handwriting basics, reading readiness, and number concepts. We offer activities in math, science, language, and the arts. Also, students will explore topics through hands-on, project-oriented activities, both individually and in groups. Group projects allow students to practice cooperation and self-expression with their peers; additionally group projects introduce students to the more collaborative nature of project-based learning they will encounter in elementary school.

We take field trips during the year to extend the classroom experience.
